A Step Towards Educational Equity in the Murshidabad District

To promote equity, not just equality—ensuring that every learner, regardless of their physical and mental challenges, gets a fair opportunity to progress. Physiotherapy and psychotherapy by professionals have been introduced in two resource rooms on a pilot basis for those students who can't afford expensive and distant treatment.

Resource Rooms are also considered as Referral Hub and Therapeutic support service like Physiotherapy, Psychotherapy, Speech & Audio Therapy are needed for CP, Locomotor, ID and HI category's CWSNs.
